Greetings!

We are happy to announce that after nine great years at our present location at Oakwood Center, we are moving to a new location effective **September 1st, 2026**.

Our new office will be located in Park Ridge on Hwy 10 near Iverson Park. A few pictures are attached below that show the front and back of our part of the building.

We have enjoyed our time and space at Oakwood Center, yet a new opportunity presented itself that will help us expand as well as have a more connected overall space of our own.

We hope there are no problems during the transition, but to help with that we will be closed for a day or two in late August to ensure that everything is ready to go on day one.

Stay tuned for more updates in a statement like this one, at our office when you receive services, or via information shared online. Your therapist can also answer any questions that you might have over the next few months, too.

Thank you,

APS Staff
